LINES, SWITCHYARD IN GILBERT, ARIZONA
LOCATED NEAR AND WEST OF THE
INTERSECTION OF VAL VISTA AND WARNER
ROAD

Arizona Corporation Commission

DOCKETED

SEP 13 2000

DOCKETED BY	
-------------	--

Mark Sequeira, Intervenor, in the above-referenced case hereby requests that the Hearing scheduled for September 14, 2000 at 9:00 a.m. before the Corporation Commission's Line Siting Committee be continued.

I. Intervenors in said case have repeatedly requested documents and information that belongs to the public as the applicant is a public utility, that have not been supplied by Applicant, Salt River Project. Intervenors in this case have not been allowed time or access to said documents in order to have them reviewed by environmental attorneys, or to prepare their case before the Siting Committee.

II. Salt River Project has had more than sufficient time to comply with public requests for documents. They have intentionally withheld said documents from Cathy Lopez, Intervenor, over repeated occasions and have suggested that other documents have been destroyed, deleted or are otherwise non-existent even though Citizens Opposed to SanTan has in its possession evidence to the contrary.

III. Documents that were filled out by the public at Salt River Project's open houses are not accessible to said public.

IV. The Attorney General's Office has informed us that they cannot force Salt River Project to supply public records/documents to the public and that Citizens Opposed to SanTan needs to sue said applicant for release of all documents related to the SanTan expansion project, including internal and external emails, environmental studies, etc.

THEREFORE, Intervenor, Mark Sequeira requests the following:

1. That for good cause showing, the hearing scheduled for September 14, 2000 at 9:00 a.m. before the Corporation Commission's Line Siting Committee be rescheduled for after January 14, 2001;
2. That said hearing be rescheduled for such a time as Applicant, Salt River Project, complies with the Request for Data and Information or until January 14, 2001;
3. That said hearing be rescheduled until such time as attorneys representing Citizens Opposed to SanTan force release of all public records related to SanTan expansion project to intervenors in said hearing and reasonable time has been allowed for examination of said records and preparation for the hearing of case 105 can be based on the facts of the case as presented by applicant.

Respectfully submitted this date Sept 13th, 2000, by

Mark Sequeira, Intervenor

An Original of the foregoing and 25 copies was filed this date 9/13, 2000 with:
